

# FBT AMICO Series Active Portable Sound Systems

## AMICO®

### new AMICO Series

The **Amico Series Portable Sound Systems** are ideal solutions for providing high quality voice and music reproduction in:

- Education/Schools Live Performances
- Theatres/Drama Groups
- Live Bands
- AV/Hire
- Multi-Purpose Conference environments

#### AMICO 1000/500:

Systems supplied as standard with twin cables (Speakon-Speakon) and a pair of standard aluminium stands in a convenient nylon carry bag

Offering a range of three different models, these stylish Italian designed and built units are manufactured using high quality robust materials, to protect and keep the systems looking good and sounding great.

The two larger output models (AMICO1000 and AMICO500) are supplied with two satellite loudspeakers which are uniquely stored inside the body of the main unit when not being used, whilst the smaller output AMICO400 incorporates a full range loudspeaker unit offering superb sound quality and level.

Each unit has an in-built mixing console allowing the use of Microphone and Aux/Music sources; the larger the output power the more comprehensive the mixing desk provided!

#### Models:

- **AMICO 1000:** 600W + 2 x 150W satellites
- **AMICO 500:** 300W + 2 x 80W satellites
- **AMICO 400:** 300W + 50W

## AMICO 400, 500 & 1000 Portable Integrated Sound Systems

### AMICO 1000:

- 15" sub-woofer equipped with neodymium magnet assembly and 3" coil
- 2 satellites with 6.5" neodymium woofers fitted with 1.5" coils plus 1" compression drivers with constant directivity 90°x60° horns
- 7 channel (AMICO 1000) mixer with phantom power, plus on-board digital multi-effects processor offering 256 presets
- 1 x 600W (RMS) Internal Amplifier with PWM technology for the sub-woofer
- 2 x 150W (RMS) Internal Amplifiers with class G technology for the satellites
- ADAP® protection circuitry (Advance Dynamic Active Protection) for total component protection

### AMICO 500:

- 5 channel mixer with phantom power plus on-board digital multi-effects processor offering 256 presets
- 15" sub-woofer equipped with neodymium magnet assembly and 2.5" coil
- 2 satellites with 6.5" woofers fitted with 1.25" coils plus 1" compression drivers with constant directivity 90°x60° horns
- 1 x 300W (RMS) Internal Amplifier for the sub-woofer
- 2 x 80W (RMS) Internal Amplifiers for the satellites
- ADAP® protection circuitry (Advance Dynamic Active Protection) for total component protection

### AMICO 400:

300W+50W Powered Speaker including 6 Channel Mixer 2 way Bass-Reflex system:

- 6 channel mixer with phantom power plus new on-board digital multi-effects processor offering 16 presets
- 15" woofer with neodymium magnet assembly and 2.5" coil
- 1" compression driver with circular 60°x60° horn
- Internal Amplifier 300 Watt (RMS) for LF
- Internal Amplifier 50 Watt (RMS) for HF
- ADAP® protection circuitry (Advance Dynamic Active Protection) for total component protection

### Specifications:

Model:	Amico 1000	Amico 500	Amico 400
Configuration	3 way: 1 x Sub, 2 x Satellite	3 way: 1 x Sub, 2 x Satellite	2 way: 1 x Low, 1 x High
Power (RMS)	Sub 600W, Satellite 150W (x2)	Sub 300W, Satellite 80W (x2)	350W
Inputs	7 Channel, 3 Mic/Line Mono 4 Mic/Line Stereo Plus CD/tape in/out	5 Channel, 2 Mic/Line Mono 3 Mic/Line Stereo Plus CD/tape in/out	4 Channel, 2 Mic/Line Mono 3 Mic/Line Stereo Plus CD/tape in/out
Effects Processor	256 Preset, Digital effects	256 Preset, Digital effects	16 Preset, Digital effects
SPL (Max)	Sub 124dB, Satellite 115dB	Sub 121dB, Satellite 112dB	123dB
Sensitivity (@ 1W 1m)	Sub 96.5dB, Satellite 93.5dB	Sub 96dB, Satellite 92.5dB	98dB
Power Cable (IEC)	5m	5m	5m
Weight	NET: 41kg Packed: 45kg	40kg 44kg	33kg 37kg
Dimensions	NET: 478 x 780 x 433mm Packed: 570 x 880 x 570mm	478 x 780 x 433mm 478 x 880 x 570mm	478 x 780 x 433mm 478 x 880 x 570mm

- Removable back panel protects satellites and keeps them secure in transit

- Removable cover/carrying handle

- Trolley-style transportation, with scuff-proof Ø 100mm (4") plastic wheels ensuring no marked venue floors

- Compact & Easy to transport

- **V44:** Optional Nylon Cover available for AMICO systems
